

September 18, 2023

The Municipal Utility Board met in a Regular Session at 6:00 p.m. on Monday, September 18, 2023, with Chairman Harris presiding. The agenda was posted in the outside Pryor City Hall Bulletin Case at 12 North Rowe Street. Members present were: Mr. Garry Harris, Dr. Ken Rains, Dr. Art Sixkiller, Mr. Mark Roberts, and Ms. Lorri Mitchell.

A motion was made by Dr. Rains and seconded by Mr. Roberts to approve the Minutes of the Regular Meeting held September 5, 2023. MOTION CARRIED. Votes cast as follows: Ayes – Rains, Roberts, Mitchell, Sixkiller, and Harris Nay – none

Mr. Jared Crisp presented the Claims for examination.

A motion was made by Dr. Sixkiller and seconded by Dr. Rains to approve Claims #259 - #355 totaling \$1,358,527.21 for payment. MOTION CARRIED. Votes cast as follows: Ayes – Sixkiller, Rains, Roberts, Mitchell, and Harris Nay – none

The Board recognized Mr. Jared Crisp who reported the 500 kW Generac Diesel Generator at the Waste Water Treatment Plant died and the estimated cost to repair the fuel injector pump was approximately \$90,000.00. Mr. Crisp reported this project would be a high priority and a lengthy process because it would require the solicitation of bids and the publishing of legal notices.

Mr. Jared Crisp also reported this generator was obsolete and parts were hard to come by so he requested Mr. Chuck Bley to investigate prices for a new generator and to investigate prices to upgrade the generator at the Waste Water Treatment Plant in order to handle future additions, the ongoing projects, and the projected growth to our sewer collection system. Therefore, Mr. Jared Crisp requested the Electric Department Foreman, Mr. Brent Childers, place the Waste Water Treatment Plant as a high priority during emergency responses until the generator is either repaired or replaced.

Mr. Jared Crisp reported on the Whataburger Project and the MESO Lineworker Rodeo in Bentonville, Arkansas.

Mr. Jared Crisp reported the Municipal Utility Board Electric Rates are still competitive and of his plans to continue to regularly monitor the electric rates from various providers in our area.

The Board recognized Mr. Travis Willis who reported he successfully completed the "C" Operator Water and Wastewater Exam.

The Board recognized Mrs. Teri Hill who reported the utility billing cycle begins with five meter readers reading all meters in seven days. The billing process in the business office begins on or near the 11th day of each month and all bills must be mailed within twelve business days (usually between the 26th and 28th of each month).

Last summer the business office had three experienced utility billing clerks. This spring, one billing clerk retired and one billing clerk began maternity leave.

Mrs. Hill was delighted to report the two probationary utility clerks, Mrs. Emily Hugley, hired November 2022, and Ms. Brittany Sills, hired May 2023, made huge contributions to the 2023 summer billing process. With one experienced utility billing clerk combined with Emily and Brittany's excellent work ethics and dedication to learning new things, the summer bills were approved for mailing by June 23rd, July 25th, and August 24th.

A written Department Foreman's Report was presented with Mr. Jared Crisp reporting a verbal correction to Project 23-20; "the Gas Crews have installed 880' of the 4" poly pipe to date, not 80' as reported."

There was no Unfinished Business or New Business discussed.

The Board recognized Mr. Ben Sherrer who had no report.

A motion was made by Mr. Roberts and seconded by Ms. Mitchell to adjourn at 6:15 p.m. MOTION CARRIED. Votes cast as follows: Ayes – Roberts, Mitchell, Sixkiller, Rains, and Harris Nay – none
